GULL OFFERS 10 CENT DISCOUNT AFTER WEEK OF GLOBAL INCREASES

After a week of surging global oil prices hitting the pumps, with sharp increases in fuel prices, Gull is giving Kiwi motorists some welcome relief with a 10 cent per litre Discount Day, which will apply to all of Gull's fuel types across the company's entire network, from 7:00am 24 June 2021, until 12:00pm midday on Friday 25 June 2021.

The price of oil has increased for a fourth straight week in a **row as** signs of a global demand recovery and strong US demand growth is being passed onto motorists everywhere, including New Zealand. Some oil analysts even predict the world runs the risk of facing an acute deficit of oil and gas in the near term.

Pricing Analyst at Gull, Crystal Feist, states Gull jumps at any chance to buck the price trends and give back savings to Kiwi motorists.

"Gull's Discount Days are now our recognised way of giving back to the loyal communities that support us. As always, there are no minimum spend and no maximum fill restrictions. Our priceboards and pump prices are simply dropped from 7:00am today for as much or as little fuel as you wish to purchase, so you can get out and enjoy time with your family."

At the majority of Gull outlets where Gull controls retail prices across the country, **average prices** will be as follows during the above-mentioned time frame:

Regular (91)	$2.067
Force 10 (98)	$2.267
Diesel	$1.327

Lowest priced North Island sites outside of Auckland region as below:

Atiamuri	Offering the lowest North Island regular (91) price	$1.957 per litre
Te Kuiti	Offering the lowest North Island diesel price	$1.217 per litre
Woolston	Offering the lowest South Island regular (91) price	$1.957 per litre
Maheno	Offering the lowest South Island diesel price	$1.217 per litre

All pricing across the Gull network is GST inclusive.

**Please note average prices quoted above are across sites where Gull controls the retail fuel price. Discounts are applied directly to the price board and pump price from the day before.
